Jayne, RA briefing package is excellent. It is dense, but I think it has to be. I have some very minor suggestions attached. I did not get to the Q&A section. sorry

Hi All,

Thanks for attending Christine's RA briefing preparation meeting yesterday afternoon.

Attached is the initial draft RA briefing package for your review. I based this document on Allison's Three Things Briefing as well as previous RA briefings.

I have not yet completed the attachment pertaining to "What We Have Received/Heard from the State" or "EPA/NOAA Recommendations on Each of the Key Areas." Given that we are giving interim approval for OSDS and New Development, do we need to include them?

Cheers,

Jayne
